Cornerstone Academy Code of Conduct

CODE OF CONDUCT FOR LEARNERS

While it is a pupil's right to receive an education and while Cornerstone Academy will strive to provide the top quality educational opportunities this community has come to expect, it is important that pupils acknowledge their responsibilities to themselves, their fellow pupils, their Educators, other staff members and the School.

2 PREAMBLES

1.1 A **Code of Conduct** is necessary in our school community to **realize** the **educational objectives** of the school.

2.1 The **Code of Conduct** must **inform the learners** of the way in which they should **conduct** themselves at a **school** in preparation for their conduct and safety in civil society. It must set a **standard of moral behaviour** for learners and **equip** them with the **expertise, knowledge** and **skills** they would be expected to evince as worthy and responsible citizens. It must **promote** the **civic responsibilities** of the school and it must **develop leadership**. The main **focus** of the **Code of Conduct** must be **positive discipline**. It must be **punitive** and **punishment oriented**, but it must facilitate constructive learning.

2.2 The **purpose** of the **Code of Conduct** isto **promote positive discipline, self-discipline** and **exemplary conduct**, as learners learn by observation and experience.

2.3 School rules will be **obeyed**.

POLICIES AND PROCEDURES

2.4 The **Code of Conduct** aims at establishing a **disciplined** and **purposeful** environment to facilitate effective education and learning in school.

2.5 This **Code of Conduct** acknowledges the following: **The Constitution of the Republic of South Africa, the South African Schools Act and Provincial Legislation.**

3. MISSION STATEMENT.

Our School aims to provide a warm, supportive environment, conducive to the attainment of academic excellence, high moral standards, spiritual growth, social and cultural awareness and good physical health. We will provide a vibrant academic atmosphere, in which every learner is valued as an individual, challenged as a learner and inspired to contribute to society.

OBJECTIVES.

3.1 To provide the opportunity for each learner to develop his/her abilities and skills optimally in an educational area in which the school is involved.

3.1 To provide each learner, as a unique individual, with the opportunity to prepare himself/herself fully so that he/she may play a meaningful role in society as an adult.

3.2 To provide each learner with a safe and secure learning environment which acknowledges that each learner is a unique individual with his/her own special traits and needs.

3.3 To teach learners the principle of caring for one another in a spirit of co-operation and support.

3.4 To ensure a safe environment so as to limit physical injuries as far as possible.

3.5 To offer, in a school-parent partnership, the best for the child through effective communication.

4 LEGAL AUTHORITY

According to the South African Schools Act:

4.1 Nothing shall exempt a learner from complying with the **Code of Conduct** of the school.

4.2 An educator at a school shall have the same rights as a parent to control and discipline the learner according to the **Code of Conduct** during the time the learner is in attendance at the school, in any classroom, at school functions, at school excursion or at any school related activities.

4.3 The principal or an educator, upon reasonable suspicion (sufficient information), has the legal authority to conduct a search of any learner or property in possession of the learner for a dangerous weapon, firearm, drugs or any harmful, dangerous substance, stolen property, or pornographic material brought onto the school property. (A search may be performed in terms of the following Acts of general application: **Control of Access to Public Premises and Vehicles Act 53 of 1985; Drugs and Drug Trafficking Act 140 of 1992; Arms and Ammunition Act 75 of 1969, South African School's ACT- Insertion of section 8A in Act of 1996 and Amendment of section 8 of Act 84 of 1996 as amended by section 4 of Act 50 of 2002.**] During a search, human dignity shall be observed and learners shall be searched in private by persons of their own gender, preferably in the presence of at least one other person. A record must be kept of the search proceedings and the outcome.

5 RESPONSIBILITIES OF THE PARENTS TO THE CODE OF CONDUCT

5.1 The ultimate responsibility for learners' behaviour rests with their parents or guardians. It is expected that parents will:

5.2. Support the school, and require learners to observe all school rules and regulations and accept responsibility for any misbehaviour on their part; and take an active interest in their children's schoolwork and make it possible for the children to complete assigned homework.

5.3. Transgressions committed against The Code of Conduct.- Parent/ Guardians and /or the legal authorities may be immediately called to school for the relevant matter.

7 EMPOWERMENT OF STAFF

7.1. The **South African Schools Act, 1996**, empowers the school authorities to discipline learners, but it is beyond the law to delegate this authority to learners. Learners are partners with other members of the school and are not in charge of the school.

7.2. Every educator is responsible for discipline at all times at the school and at school related activities. Educators have full authority and responsibility to correct the behaviour of the learners whenever such correction is necessary at the school. Serious misconduct must be referred to the principal of the school. However, a mechanism must be created at school to handle disciplinary problems to reduce the load of the principal.

7.3. Any corrective measures or disciplinary action must be commensurate with the offence/infracton. Corrective measures may become more severe with subsequent

repeated infractions. Suspension or expulsion may follow. Learners should not think that they cannot be suspended or expelled simply because it is their first offence or infraction of a rule or policy, but such a decision should be taken by the right authority.

7.4. In cases where a learner cannot adjust to the school and where his/her behaviour is objectionable in that it violates the rights of others, he/she will be referred to the principal. Through consultation with his/her educators, and the site of learning based team in consultation with the parents or guardians every effort should be made to assist him/her to adjust. This will include referral to the education support services for treatment. If all these efforts fail, the principal will refer the matter to the governing body, which may make a decision in the best interest of the learner and the other learners at the school.

7.5. Offences will be recorded in a **Record of Behaviour** book/chart. The **Record of Behaviour** will be reviewed **quarterly**, and parents, learners, staff and SGB will have the opportunity to make contributions and recommendations regarding the content of the **Record of Behaviour**. Disciplinary procedures will be followed as stipulated in the policy which will be discussed if requested with learners and parents. Parents will regularly receive disciplinary reports from the school.
